TASTE OF THE SUMMIT GUIDE

Taste of the Summit videos provide an opportunity for you to share Summit messages with your team, church, organization and core leadership to raise the value of ongoing leadership development.

- 1. CREATE A TASTE OF THE SUMMIT EXPERIENCE!** Select a date and commit to building your weekend service around the theme of leadership. Feel free to leverage multiple messages for a leadership development series. Each Taste of the Summit talk is appropriate for a weekend service.
- 2. WATCH IN SMALL GROUP!** If you lead a small group, we have provided Summit talks that are perfect for a small group setting. Also, engage in discussion using the provided process guide.
- 3. SHOW AT LEADER GATHERINGS!** Whether you are hosting a time with other churches and organizations, the board, your high capacity volunteers or your community, you can watch, discuss and process a Taste of the Summit together.
- 4. SHARE WITH INDIVIDUALS!** The Taste of the Summit talks are a great way to share the Summit content with specific individuals you are inviting to attend for the first time.
